U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on NOVEMBER 6, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
NOVEMBER 7-13, 1977
--As Reported by Exporters

NOTICE: Because of the Thanksgiving
Holiday, the next report will be issued
on Friday, November 25, 1977 at 3 PM.

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

OFFICE OF
THE GENERAL
SALES MANAGER

U.S. DEPARTMENT
OF AGRICULTURE
WASHINGTON, D.C. 20250

FOR RELEASE AT 3 PM
NOVEMBER 17, 1977

EXPORT SALES REPORT

Comments on release of November 17, 1977 (based on reports from exporters for the week ending November 6 unless otherwise noted).

Wheat: Sales activity declined sharply (388,100 MT) from last week's high level. Japan was the only significant buyer. Numerous other countries added minor quantities to existing balances. Sales reported to unknown destinations (220,000 MT) accounted for more than half of the reported increase in total sales. Weekly export clearances were the second smallest (362,100 MT) for the current marketing year (MY).

Corn: The net increase in sales was off rather dramatically from the level of the preceding two weeks. Spain and Korea were the principal buyers. Contract adjustments (foreign purchases/cancellations) resulted in a substantial drop in total purchases by the Netherlands. New sales to unknown were more than offset by the assignment of destinations on sales previously reported to unknown. Major recipients of the destination changes include the United Kingdom, Belgium, Spain and the USSR. Sales reported under the daily system included 114,300 MT to Japan and 208,280 MT to unknown both for MY 1977/78. Exports of (860,600 MT) continued strong.

Barley: Contract adjustment dominated sales activity, resulting in a small net reduction in total barley sales for the 1977/78 MY. Shipments to Korea against earlier sales continued heavy as over 95 percent of their purchases for this MY have already been exported.

Sorghum: Market activity was the heaviest in months as Japan, Portugal, Israel and Spain added to earlier purchases. The first sales to Romania of the MY were reported (22,000 MT). Sales of 12,900 MT were shifted from unknown and shipped to Cyprus, the first for the MY. Under the daily system, an optional origin sale of 100,000 MT to Romania for 1977/78 was reported.

Soybeans: Sales activity was moderately heavy with significant new sales reported to the EC, Japan, Taiwan and Canada. A number of destinations changes were reported with the Netherlands, Spain and Denmark the major recipients. Optional sales fell as 24,000 MT to the PRC were assigned U.S. origin and 27,700 MT were assigned other origin. Exports (651,500 MT) declined from last week, but continued moderately heavy.

Soybean Cake and Meal: Sales activity was moderate with large new sales to unknown destinations the major feature. Exports at 119,900 MT registered a new weekly high for this MY with the EC and Hungary the major destinations.

Soybean Oil: Activity was dominated by new sales to India, Egypt and Australia. Sales to the PRC increased as 16,700 MT was switched from unknown and other countries. Optional origin sales of 17,400 MT were reported to Panama. Exports of 10,300 MT represented the second weekly decline.

Cotton: Sales activity was the second lowest in nine months. The only significant changes were in MY 1977/78 sales to Korea, Canada and Portugal, MY 1978/79 sales to Korea, and a MY 1977/78 cancellation of 20,600 RB to PRC. Exports of 63,500 RB were the largest this MY, with 74 percent going to Asia.

Oats and Rice: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY
For Week Ending November 6, 1977

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.

November 17, 1977
